**SHARP FIGHT WITH COSSACKS**

Japanese Outpost Driven From the Hills Near Putsintun.

**SUBMARINE BOATS FOR MIKADO**

It is Reported One Has Been Shipped From New York to Japan and That Others Are Under Construction.

Newspaper Correspondent Killed By Chinese Soldiers.

Liao Yang, June 8.—The Japanese have driven in their advance guards from Vanfangung. They blew up part of the railway and the telegraph station on the night of June 3. The damage was soon repaired.

Samoan's Cossacks are harassing the Japanese towards Port Arthur. Cossacks searching the hills occasionally catch detached parties unawares. In the clothing of a Japanese officer of the 14th regiment, who was killed, important documents were found, showing that the Japanese had lost heavily in the fighting May 30. Among the Japanese killed were Chinese soldiers such as spies.

Samoan's in the valley of Putsintun took place in an immense amphitheatre in the hills. Samsonoff threw forward skirmishers to feel out the Japanese positions. The Cossacks and dragoons went forward, examining the steep hillsides, deep ravines and dry water courses likely to protect Japanese ambuscades.

Finally the Japanese fire on the crest of the hills located them, and the assaults swarmed up almost inaccessible cliffs. The Japanese first kept in the shelter of the rocks, but the Russian fire searched them out, and they flitted shadow-like across the rocks as the Cossacks continued to advance, while the dragoons cleared the valleys leading from the amphitheatre. The Japanese cavalry retreated, unwilling to risk a collision at close quarters.

The Russian line encircled one great hill on which was the principal Japanese position, and like a living bird crept toward the summit. Colonel Serebri led the advance until he fell wounded half way up the cliffs. The command devolved upon Lieutenant Colonel Chieslev, who continued the forward movement, clearing the Japanese from the heights.

In the meantime a Russian battery placed an accurate shrapnel fire among the hills, hastening the Japanese retreat. Two Japanese sharpshooters on the summit of a hill seriously annoyed the Russians at a critical period of the advance. An officer of Tereshchik's company scaled the rocks in the face of almost certain death and killed both the Japanese, returning unharmed.

Soon after the Russians had occupied the hilltop and an entrenched village, they received an order to retire. Just then the Japanese artillery reserve was brought into action, and showered the retreating Russians with shrapnel, but failed to get the exact range.

Besides Colonel Serebri, 17 Russians were wounded in the day's encounter. The Japanese losses owing to the accuracy of the Russian artillery fire seemed heavy.

**MARTIAL LAW DECLARED**

Troops Sent to Cripple Creek, Col., to Maintain Order.

**DEPORTING THE UNION MINERS**

Two Hundred to Be Taken Over the Hills and Warned Never to Return. City Officials Forced to Resign On Threat of Death.

Denver, Colo., June 8.—Acting Governor Warren A. Haggart has declared martial law in Teller county. Enough troops were dispatched to the Cripple Creek district to restore and maintain order.

**Armed Guards Patrol Cripple Creek.**

Cripple Creek, Colo., June 8.—Apart from a few small fights in connection with the rounding up and arresting of union miners, no further outbreak has occurred in this district. Two local militia companies and a small army of armed deputies under Sheriff Edward Bell are in full control of the camp. Though there has been no turbulence, there is an undercurrent of feeling which bodes ill.

Secretary Clarence Hamlin, of the Mine Owners' Association, declared that 200 prisoners now held in the armory in Victor would be taken over the hills and warned never to return. There is a minority element that wants to hang N. W. O'Connell, former marshal of Victor, who is suspended and under arrest, and also Alfred Miller, charged with having started the riot which resulted in the killing of Roxie Metcalf and several others at the mass meeting in Victor. No hanging will take place, however, in all probability unless resistance is offered by word or action of the prisoners. It would require but little to start a wholesale hanging.

Virgil King, a union leader, and 15 others arrested in Cripple Creek, have been taken to Victor for deportation. A well-founded rumor is to the effect that a large number of union miners working in the Portland mine will be arrested. The building owned and occupied by Miners' Union, No. 48, in Cripple Creek is in charge of the militia. The front windows have been demolished and the big sign of the W. F. O. M. torn down.

City Marshal W. J. Graham was forced to resign by the citizens' committee, headed by E. C. Newcomb, cashier of the First National Bank, and Charles N. Crowder, was appointed as his successor by the city council, which convened at once to confirm him. Justice of the Peace C. M. Harrington, said to be a union sympathizer, heard that the committee was to wait on him, and tendered his resignation before the committee could ask him. County Judge Albert S. Frost is out of the city, but it is said he will be asked to resign as soon as he arrives here, and so will Frank P. Mannicks, county clerk and recorder. Both are attending the Democratic convention in Pueblo.

Photographs of Charles McCormick and Melvin Beck, who were killed by an informal machine in the Victor mine November 21, 1903, and of other Vindicator miners were found in the possession of Frank Cochrane, secretary of one of the miners' unions of Victor. This discovery greatly agitated officials of the Mine Owners' Association, who declared that Cochrane shall be strung up until he discloses all that he knows concerning the outrage. They believe he has information that will lead to the arrest of the perpetrators of that crime.

It was estimated that 1000 deputies had been sworn in by Sheriff Bell. The Victor Record was censored by a special committee appointed by the sheriff before publication was permitted.

The bloodhounds in charge of Hugo Palmer, of Trinidad, trailed the assassin who killed the Friday miners to a mine beyond Clyde station, a distance of three miles. There the scent was completely lost. It is believed by the detectives working on the case that the assassin took a buggy at the place where the scent was lost and proceeded along the old stage road to Colorado Springs.

**DELAWARE INSTRUCTS FOR GRAY**

Democratic Convention Paid No Attention to His Wishes.

Dover, Del., June 8.—Contrary to the expressed wish of Judge George Gray, the Delaware Democratic state convention by a unanimous vote instructed its delegates to the St. Louis national convention to present the name of Judge Gray to the convention as the choice of the Delaware Democracy for president and to work for his nomination. This action was taken after one of the most stormy conventions ever held in the state. The leader of the opposition to the Gray resolution for former United States Senator Richard R. Kenney, who was opposed to the word "instruct." He offered a resolution that the delegates be "requested" to place Judge Gray's name before the national convention.

The fight between the Gray and the anti-Gray factions became so bitter that the former paid no attention to Judge Gray's letter in which he asked that the Delaware delegates be not instructed. They fought to defeat Kenney and would not listen to anything that his supporters offered.

Judge Gray knew nothing of the action of the convention until informed by reporters. In reply to a question as to whether the action of the convention would change his attitude, he said:

"I have not changed my attitude at all. I am not a candidate for president. The instructions were against my expressed wishes."

**Cancerous Ulcers**

**ROOTED IN THE BLOOD.**

After the age of 45 or 50 when the vital powers are naturally weaker, it is noticed that a hurt of any kind heals slowly, and often a very insignificant scratch or bruise becomes a bad ulcer or sore. At this time of life warty growths, moles and pimples that have been on the body almost from birth begin to inflame and fester, and before very long are large eating, sloughing ulcers.

Whenever a sore or ulcer is slow in healing then you may be sure something is radically wrong with your blood. Some old taint or poison that has been slumbering there for years is beginning to assert itself, and breaks out and becomes a bad ulcer and perhaps the beginning of Cancer.

These old sores are rooted in the blood, and while washes, soaps, salves, etc., keep the surface clean, they are not healing. A blood medicine to purify and strengthen the polluted blood, and a tonic to build up the general system is what is needed, and S. S. S. is just such a remedy. No poison is so powerful and no germ so deadly that this great vegetable blood remedy cannot reach it, and cures of every kind quickly yield to its wonderful curative properties. Medical advice or any information you may desire will be given by our physician without charge.
